

The figure consists of two parts. The top part is a side view of a rectangular component with a central slot. The width of the outer rectangle is labeled as 60\*. The width of the inner slot is labeled as 2\*. The height of the outer rectangle is labeled as 40\*. The bottom part is a front view of the same component, showing a stepped base. The vertical distance from the top edge to the first step is labeled as 16\*. A dashed arc indicates a 75° angle at the corner where the base changes slope.
